Leaving Frieda unconscious and reeking, a condition in which her bralessness had no power to arouse him, Junior left..ROCKING AS IF AFLOAT on troubled waters, abused by an unearthly and tormented sound, Junior Cain imagined a gondola on a black river, a carved dragon rising high at the bow as he had seen on a. Being uniquely sensitive, he had mourned Naomi with his entire body, with violent emesis and pharyngeal bleeding and incontinence. His grief had been so racking that it might have killed him. Enough was enough.. "Thirsty," Agnes rasped. Her voice was Sahara sand abrading anient stone, the dry whisper of a pharaoh's mummy talking to itself in a vaulted sealed for three thousand years.. Even a cool day on the pie route could produce a good sweat by journey's end, because with the addition of the

men to this ambitious project, they now not only made deliveries but also performed some chores that were a problem for the elderly or disabled. Barty set one other rule: "Without dying first ... and you have to be sure you can get back." With no job to return to, he dawdled over lunch. He was actually tumescent with a growing sense of freedom that was as thrilling as sex..summoned an expression no less dubious than that of a policeman listening to the alibi of a suspect with bloody hands. Then: "I'm quite sure that Wroth Griskin does not make candlesticks. If that's what you're looking for, I'd recommend the housewares department at Gump's." Agnes thought crazily of their early dates and the first years of their marriage. They had occasionally gone to the drive-in, sitting close..By lunch, he had turned the final page, and he was so full of the tale that he seemed to have no room for food. While his mother kept reminding him to eat, he regaled her with the details of John Thomas Stuart's great adventures with Lummox, as though every word that Heinlein had written were not science fiction, but truth..sport shirt just for no reason at all, because she thought he'd look nice in it?". A delay of a few hours, before getting her under a physician's care, might still be risky. But so was forcing her into a local hospital to endure the mortification she desperately wanted to avoid..Her hands trembled as she attempted to fold her sister's clothes into the small suitcase. What should have been a simple task became a daunting challenge; the fabric seemed to come alive in her hands and slip through her fingers, resisting every attempt to organize it. When eventually she realized there was no reason to be neat, she tossed the garments into the bag without concern for wrinkling them..More likely than not, he would cross Bartholomew's path when he least expected, not as a consequence of his searching, but in the normal course of a (lay. If that happened, he must be prepared to eliminate the threat immediately, by any means available to him..He felt some guilt at this-but only a little. His sister had done much for him; but jobless, ruled by his obsessions, hobbled by too much of his father's dour nature, there wasn't a lot that he could do for her. Just this benign deceit with the cards..".She. Was eating. Dried apricots." Junior spoke almost in a whisper yet the ridge was so quiet that he had no doubt each of these uniformed but unofficial jurors heard him clearly. "Walking. Around the deck. Paused. The view. She. She. She leaned. Gone..".This was a relaxation technique that had worked often before. He had teamed it from a brilliant book, *How to Have a Healthier Life through Autohypnosis*..Evidently, last evening, prior to keeping a dinner date with Victoria, when the taunting detective had illegally entered Junior's house and placed another quarter on the nightstand, he had seen the directory open on the kitchen table. Deducing the meaning of the red check marks, he inserted this card and closed the book: another small assault in the psychological warfare that he'd been waging..Halos and rainbows loomed in her memory, ominous as they had never been before..The window gave way an instant before Celestina squeezed off the shot. The man dropped out of sight. She didn't know if she had scored a hit..Choking fumes, blinding soot. A licking heat told him that slithering fire had followed the smoke up the stairs and now coiled perilously close in the murk..The three of them, gathered around her in the quick, held fast to her, as if Death couldn't take what they refused to release..Edom had noticed them earlier. Now he saw they were in worse condition than he'd thought. Enlarged knuckles, fingers not entirely at natural angles to one another. Perhaps Obadiah had rheumatoid arthritis, like Bill Klefton, though a less crippling case..When together in Agnes's company, Edom and Jacob were brothers, comfortable with each other. But together, just the two, no Agnes, they were more awkward than strangers, because strangers had no shared history to overcome..".All right. I get my new eyes from a doctor. They're not real eyes, just plastic, to fill in where my eyes used to be..".She might have attributed his problem to eyestrain from all the reading he'd done during the past few days. She might have put drops in his eyes, told him to leave the books alone for a while, and sent him into the backyard to play. She might have counseled herself not to be one of those alarmist mothers who detected pneumonia in every snuffle, a brain tumor behind every headache..Indeed, he would get through the rest of 1965 without resorting to another homicide. The nonfatal shooting in September would be regrettable, quite messy, painful-but necessary, and calculated to do as little damage as possible..In the distance, the clang of a trolley-car bell. Hard and clear in spite of the muffling fog..At Thanksgiving dinner, again at the three tables set end to end, in the year of the triple zero, Mary Lampion, now fourteen years old, made an interesting announcement over the pumpkin pie. In her travels where none but she could go, after seven fascinating years of exploring a fraction of all the infinite worlds, she said she sensed beyond doubt that, as Barty's mother had told him on her deathbed, there is one special place beyond all the ways things are, one shining place..To the window. The warm room sucked cooling fog out of the night, and she leaned across the sill into the streaming mist..".Shape-taking?".While Jacob had shuffled, Agnes had taken little Barty from his bassinet into her arms. She was surprised and discomfited to discover that the baby was to have his fortune told first..Finally wimping out completely, Parkhurst left the room. The heavy door sighed softly shut, silencing the squeak of rubber-soled shoes, the swish of starched uniforms, and other noises made by the busy nurses in the corridor..Celestina stood listening until she heard Wally open the outer door and then close it..Paul withdrew the pistol from the drawer. The weapon didn't feel as good to him as guns always felt in the hands of pulp heroes..According to the newspapers, the police also credited him with the murders of Naomi, Victoria Bressler, and Ned Gnathic (whom they had connected to Celestina). He was wanted, too, for the attempted murder of Dr. Walter Lipscomb (evidently Ichabod), for the attempted murder of Grace White, and for assault with intent to kill Celestina White and her daughter, Angel, and for the assault on Lenora Kickmule (whose foxtail-bedecked Pontiac he had stolen in Eugene, Oregon)..When the waiter had gone, -Tom said, "Don't worry about abetting a crime. If I had to pop Cain to prevent him from hurting someone, I wouldn't hesitate. But I'd never act as judge and jury otherwise..".July 14, 1960, in Guatemala City, Guatemala, a fire in a mental hospital-two hundred twenty-five dead..".THOUGH OTHERS MIGHT see magic in the world, Edom was enthralled only by mechanism: the great destructive machine of nature grinding everything to dust. Yet wonder suddenly bloomed in him at the sight of the ace bearing his nephew's name..According to Helen, more than half the paintings had been sold by the close of the reception, a record for the gallery. With the exhibition scheduled to run two fall weeks, she was confident that they would enjoy a sellout or the next thing to it..".Some men," she said, "wouldn't be able to sustain desire when their hands touched my back. I'll understand if you're one of them. It's not beautiful to the eye, and rough as oak bark to the touch. That's why I brought you here, so you'd know this before you consider where you want to go from ... where we are now..".At first, he couldn't gather the nerve to return to the kitchen. He was crazily certain that in his absence, the dead detective would have risen and would be waiting for him..She started to get up from the chair behind the desk, but he encouraged her to stay seated..Agnes met them, pulling Grace and Angel to her side. Her eyes were bright with excitement. "Tom, you're a man of faith, even if you've sometimes been troubled in it. Tell me what you make of all this..".Surprisingly, he received a lot of gratification from voicing this insult, even though Vanadium was too dead to hear it..By the time he went to bed Saturday night, the cards that had been only that morning were showing signs of wear..He stopped straining to see through

the black room to the corner armchair. He closed his eyes and tried to lull himself to sleep by summoning into his mind's eye a lovely but calculatedly monotonous scene of gentle waves breaking on a moonlit shore. "You should've seen this, Kathleen. He's dodging people on the sidewalk, shoving them out of his way when he can't dodge them. Three long blocks, Jimmy and I watched the creep, till he turned the corner, three long blocks all uphill, and it's a hill that would kill an Olympic athlete, but he doesn't slow down once." She moved beside him. "For one minute, after her heart stopped the first time, she wasn't here in St. Mary's, was she? Her body, yes, that was still here, but not Phimie." He was a pretty good detective, but as regarded the minutiae of daily life, he wasn't as organized as he would like to be. He never remembered to set aside his holey socks for darning; and once he had worn a hat with a bullet hole in it for nearly a year before he'd at last thought to buy a new one. "Tom, Wally, I'm sorry for the brusque introductions," Agnes Lampion apologized. "We'll have plenty of getting-to-know-each other time over dinner. But the people in this room have been waiting an entire week to hear from you, Tom. We can't wait a moment longer." "Acute nervous emesis," Junior croaked. "I've never thought of myself as a nervous person." Although she had never seen snow other than in pictures and on film, this deep-settled silence seemed to speak of falling flakes, of white muffling mantles, and she wouldn't have been in the least surprised if, stepping outside, she had found herself in a glorious winter landscape, cold and crystalline, here on the always-snowless hills and shores of the California Pacific. "So entertaining, I felt I should have paid for those seats. When the third machine starts whizzing coins at him, he bolts like a kid running a graveyard at midnight on a dare." Nolly laughed, remembering. In abject misery, Junior lay waiting to go under the knife, more eager to be cut than he would have thought possible only a few hours before. The mere promise of this surgery thrilled him more than all the sex that he'd ever enjoyed between the age of thirteen and the Thursday just past. "If you don't, your feeling gland isn't working. Want me to read you to sleep?" Junior had hoped not to be recognized by anyone at this affair. He regretted that he hadn't stuck to his original plan, maintaining surveillance of the gallery from his parked car. Tom was an Oregon State Police detective, as far as Celestina knew, and she didn't understand what he was doing here. He switched off the flashlight and stood solemnly for a moment, paying his respects to Seraphim. She had been so sweet, so innocent, so supple, so exquisitely proportioned. "So I drew attention to myself. Raised suspicions. One night, in St. Louis, this rube recognized me from my performing days, even though I'd changed my looks. It was a high-stakes game, but the players weren't high-class. They ganged up on me, beat me, and then smashed my hands, one finger at a time, with a tire iron." He turned the brochure in his hands, to look at the front of it again. Gradually he began to suspect that the title of the exhibition might be what had brought to mind the reverend's unremembered sermon. Matching his mother's whisper, taking obvious delight in their conspiracy, he said, "Our own secret society." For guidance, Agnes couldn't rely entirely on any of the child rearing books in her library. Barty's unique gifts presented her with special parenting problems. Now, when he asked if he could stay up even later, to read about John Thomas Stuart and Lummo, John's pet from another world, she granted him permission. Avoiding the graveled driveway, on which he was more likely to scuff his freshly polished loafers, he approached the house across the lawn, beneath the moon-sifting branches of a great pine that made itself useless for Christmas by spreading as majestically as an oak. Although he didn't believe in destiny, in fate, in anything more than himself and his own ability to shape his future, Junior couldn't deny how extraordinary it was that this woman should cross his path at this precise moment in his life, when he was frustrated to the point of cerebral hemorrhage by his inability to find Bartholomew, confused and nervous about the phantom singer and other apparently supernatural events in his life, and generally in a funk unlike any he had ever known before. Here was a link to Seraphim and, through Seraphim, to Bartholomew. On hearing of Bartholomew's-and/or Celestina's-death, Neddy would be on the phone to the police, pointing them toward Junior, in twelve seconds. Maybe fourteen. Zedd constituted the most thoughtful, most rewarding, most reliable guide to life to be found anywhere. When Junior was Confused or troubled, he turned to Caesar Zedd and never failed to find enlightenment, guidance. When he was happy, he found in Zedd the welcome reassurance that it was all right to be successful and to love oneself. From time to time, customers had crossed the cocktail lounge to drop folding money into a fishbowl atop the piano, tips for the musician. A few had requested favorite -tunes. Mrs. Cain's little boy felt small, weak, sorry for himself, and terribly alone. The detective was still here, but his presence only aggravated Junior's sense of isolation. "But I had greater facility with cards than most magicians. I trained with Moses Moon, greatest card mechanic of his generation." He kept a few paperbacks of Caesar Zedd's work in the bathroom, so that time spent on the john wouldn't be wasted. Some of his deepest insights into the human condition and his best ideas for self-improvement had come in this place, where Zedd's luminous words seemed to shine a brighter light into his mind upon rereading. The bow business had started a few months ago. Angel said she wanted to look pretty in her sleep, in case she met a handsome prince in her dreams. Hound shrugged. He didn't choose to tell Losen that people hated him disinterestedly. Between Isleton and Locke, Junior first became aware of several points of soreness on his face. He could feel no swelling, no cuts or scrapes, and the rearview mirror revealed only the fine features that had caused more women's hearts to race than all the amphetamines ever manufactured. "To support my eyelids. And because without anything in the sockets, I look gross. People barf. Old ladies pass out. Little girls like you Pee their pants and run screaming." Studying the brochure, Junior felt that the best response to this artist's work was to go directly into the bathroom, stick one finger down his throat, and purge himself. Considering his medical history, however, he couldn't afford to be such an expressive critic. This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings. Barty's reading and writing skills appeared to be related to his talent for math, as well. To him, language was first phonics, a sort of music that symbolized objects and ideas, and this music was then translated into written "syllables using the alphabet-which he saw as a system of math employing twenty-six digits instead of ten. After the detective returned the box to the nightstand, the coin began to turn again. "Well," Kathleen said, "even if the money wasn't so nice, I'd be sorry to see this case end." Besides, he couldn't any longer afford to spend endless hours either learning a new language or attending the opera. His life was too full, leaving him insufficient time for the Bartholomew search. He slid his plate aside. From a pocket, he withdrew a quarter, which always served him as well with children as with murderers. For the first few bites of crab in a light cornmeal crust, Nolly suspended their conversation. Bliss. An exceptionally attractive woman, alone at the bar, stirred his desire. Glossy black hair: the tresses of night itself, shorn from the sky
