Using the tracer, an entomologist in Mexico City is following the ancestral line of a honey bee. The images bloom and expire, ten every second: the tracer is following each queen back to the egg, then the egg to the queen that laid it, then that queen to the egg. Tens of thousands of generations have passed; in two thousand hours, beginning with a Paleocene bee, he has traveled back into the Cretaceous. He stops at intervals to follow the bee in real time, then accelerates again. The hive is growing smaller, more primitive. Now it is only a cluster of round cells, and the bee is different, more like a wasp. His year's labor is coming to fruition. He watches, forgetting to eat, almost to breathe.. "Exactly," said the grey man. "Look, we are here." "Very well then, I have a plan." Again Amos began to whisper through the bars, and Jack smiled and. "You've heard of the long-period Martian seasonal theories? Well, part of it is more than a theory. The combination of the Martian polar inclination, the precessional cycle, and the eccentricity of the orbit produces seasons that are about twelve thousand years long. We're in the middle of winter, though we landed in the nominal 'summer/ It's been theorized that if there were any Martian life it would have adapted to these longer cycles. It hibernates in spores during the cold cycle, when the water and carbon dioxide freeze out at the poles, then comes out when enough ice melts to permit biological processes. We seem to have fooled these plants; they thought summer was here when the water vapor content went up around the camp." The thing was twenty centimeters long, almost round, and dome-shaped. It had a hard shell on top. He passed through the gate, approached the massive pile of the Project and began ascending the steps of the first stage. Ike and I, coming out of our daze, followed him. "Where is the sailor you took to help you?" branches, the orange melons on the vines. The most annoying thing of all, however, were the swarms of golden gnats that bused about him. He would beat at them with the umbrella, but they came right back again. "Right. Get on that. Since we're sleeping in it until we can find out what we can do on the ground, we'd best be sure it's safe. Meantime, well all sleep in our suits." There were helpless groans at this, but no protests. McKillian and Ralston headed for the pile of salvaged equipment, hoping to rescue enough to get started on their analyses. Song knelt again and started digging around one of the ten-centimeter spikes. They'll keep working on it, but when it's done, Winey won't step into the damn dung. He wants to be a hero, but he wants to Uve to enjoy it, too." "We had a back-up pilot, of course. You may be surprised to learn that it wasn't me. It was Dorothy. "Do you mean it?" Barry asked, marveling over Marvin's tattoo as they shook hands. He managed to ask the question without in the least seeming to challenge Marvin Kolodny's authority. out for you. Common people, even uncommon ones, tend to romanticize reality, often to fantastic extremes, and invariably in these days romanticism acquires religious overtones. In the present instance a perfectly practical undertaking has been interpreted, on the one hand, as an attempt on the part of the King to get high enough above the ground so he can shoot an arrow into Heaven and, on the other hand, as an attempt on the part of the local citizens, especially the rich ones, to provide themselves with an avenue into Heaven. The two interpretations have somehow intermingled and become one. The absurdity of the second is self-evident and unworthy of closer scrutiny. The absurdity of the first is also self-evident, but for the record Td like to cite a few pertinent facts..From their expressions, it was plain that neither Song nor McKillian had thought of it.a period of time before it can be trusted to care for itself..
