These fiery flights caused great terror, and hundreds of boats carried people fleeing from Paln and Semel to the Inner Islands; but the dragons were not doing as much damage as the Kargs, and Maharion judged the urgent danger lay in the east. While he himself went west to fight dragons, he sent Erreth-Akbe east to try to establish peace with the King of the Kargad Lands..and the dragonlords. Maybe he was a teller or a singer? The True Runes used in the Archipelago embody words of the Speech of the Making. True Runes are not symbols only, but reifactors: they can be used to bring a thing or condition into being or bring about an event. To write such a rune is to act. The power of the action varies with the circumstances. Most of the True Runes are found only in ancient texts and lore-books, and used only by wizards trained in their use; but a good many of them, such as the symbol written on the door lintel to protect a house from fire, are in common use, familiar to unlearned people." Before the dragon came, the Summoner too had returned from death, where he can go, where his art can take him.
