The boy never mentioned what he'd done, and his mother ceased worrying about him falling out of bed.."Imagine me thinking you'd be gone," she said to Barty. "Your old mum is losing it. I never made a deal with Rumpelstiltskin, so there's nothing for him to collect.".Immediately at the thought of regurgitation, his abdominal muscles contracted like those of a laboratory frog zapped by an electric current, and he choked on a rising horror..In the foyer again, about six feet inside the front door, he stood the wineglass on the floor. He placed the bottle of Merlot beside the glass, the red rose beside the bottle..The walk-in closet, which Vanadium next explored, contained fewer clothes than he expected. Only half the rod space was being used. A lot of empty hangers rang softly, eerily against one another as he conducted a casual examination of Cain's wardrobe..He slid his plate aside. From a pocket, he withdrew a quarter, which always served him as well with children as with murderers..EVERY MOTHER BELIEVES that her baby is breathtakingly beautiful. She will remain unshakably convinced of this even if she lives to be a centenarian and her child has been harrowed by eight hard decades of gravity and experience..On other nights, she had overheard this and been touched. On this Christmas Eve, however, it filled her with wonder and wondering, for she recalled their conversation earlier, at Joey's grave:..After just twenty-one days, the boy's adaptation to blindness was amazing but clearly the gathered audience stood in anticipation of something more remarkable than his unhalting progress and unerring sense of direction.."I'll always know your face," he promised. "Even if you have to go away and you're gone a hundred years, I'll remember what you looked like, how you felt.".The hall was deserted. Then a woman came out of one of the offices and walked toward the gallery, without glancing at him..Now out of the kitchen, along the hall, and up the stairs, two at a time, into Victoria's bedroom. Not with the intention of snaring a perverse souvenir. Merely to find a blanket.."I didn't know it myself till I realized I was right in your neighborhood. I assumed your mother and Angel would be here, and I hoped you might be. If I'm intruding-".By air from San Francisco south to Orange County Airport, then farther south along the coast by rental car, one week in the wake of Paul Damascus and his three charges, following directions provided by Paul, Tom Vanadium brought Wally Lipscomb to the Lampion house..Agnes could not bear to watch Maria sewing. The light no longer stung, but her new future..The second medic wheeled the gurney to the rear of the van, calling for one of the policemen to accompany him to the hospital. Apparently, he needed help if he was to deliver the baby and also stabilize Apes while en route..By the time all the details of mortuary and cemetery services were settled, Walter Panglo had a nervous tic in his left cheek. His eyes were open wide, as if he'd been so startled that his lids froze in a position of ascension, locked by a spasm of surprise. His hands must have grown clammy; he blotted them repeatedly on his suit.."Really? You really think that?" he asked in his flat voice, which he sometimes wished were more musical, but which he knew lent a sober conviction to anything he said. "You think something so delicious could come from a fat, smelly, dirty, snorting old pig?". "The quarter in the sandwich," Nolly said, because that was the first stunt that Simon Magusson had paid him to perform..Maria was hand-repairing some of Joey's clothes, which Agnes had meticulously damaged earlier in the day..Meanwhile, as attorneys met on Tuesday afternoon, Junior, having taken leave from work, phoned a locksmith to change the locks at his house. As a cop, Vanadium might have access to a lock-release gun that..Junior phoned a twenty-four-hour-a-day locksmith and paid premium post midnight rates to have the double deadbolts re-keyed..At those cutting-edge galleries where he attended receptions, no one got in without a printed invitation. And even with the authentic paper in hand, you might still be refused entry if you failed to pass the cool test. The criteria of cool were the same as at the current hottest dance clubs, and in fact the bouncers controlling the gate at the finest avant-garde galleries were those who worked the clubs..glasses off the table. He seized one of the pewter candlesticks, as well, knocking the candle out of it..With his ringleted yellow hair, coiled mustache, and haughty right file, this was a jack that looked as if he might be a knave in the worst sense of the word..Up flew his hands, as white as doves, flapping as though trying to escape from the sleeves of his raincoat, as if he were a magician rather than a musician..He might not have this future-living thing down perfectly, but he was absolutely terrific at anger..At home, Agnes had no appetite, but she fixed Barty a cheese sandwich, spooned potato salad into a dish, added a bag of corn chips and a Coke, and served this late dinner on a tray, in his room, where he was already in bed and reading Tunnel in the Sky..Junior had come to the gumshoe four days ago, with business that might have made a reputable investigator uncomfortable. He needed to discover whether Seraphim White had given birth at a San Francisco hospital earlier this month and where the baby might be found. Since he wasn't prepared to reveal any relationship to Seraphim, and since he resisted devising a cover story on the assumption that a competent private detective would at once see through it, his interest in this baby inevitably seemed sinister..Leaving the children under the tree, Tom returned to the house to phone the police..Caught unaware by the joke, she laughed. "Well, I'm glad to know I'm good for something. Is there maybe a special pie you'd like me to make today?".His Country Squire laden with cookies, plum cakes, homemade caramel corn with almonds, and gifts, Edom drove directly home from Obadiah Sepharad's place, which had been their final stop. He roared away as if trying to outrun tornadoes and tidal waves.."I'm not sad," Tom said, "because though I have this face here in this world, I know there's another me-in fact, lots of other Tom Vanadiums-who don't have this face at all. Somewhere I'm doing just fine, thank you"..Tom pointed to the nearly finished martini that stood on the table before him. Balanced on the thin rim of the glass: impossibly, precariously--the coin..The verdant hills to the east lay like slumbering giants under blankets of winter grass, bright in the morning sun. But when the shadows of clouds sailed off the sea and gathered inland, the slopes darkened to a blackish green, as somber as shrouds, and a landscape that had appeared to be sleeping forms now looked dead and cold..When Junior opened the trunk, he discovered that fishing gear and two wooden carriers full of carpenter's tools left no room for a dead detective. He would be able to make the body fit only if he dismembered it first.."Wouldn't live in the Caribbean if you paid me," Bill said. "All that humidity. All those bugs..inking? The sequined and tasseled hat of fame was too gaudy for her; she was a minister's daughter, from Spruce Hills, Oregon, more comfortable in a baseball cap..Friday, December

29, was a grand day: cool but not cold; high scattered clouds ornamenting a Wedgwood-blue sky. The streets were agreeably abustle but not swarming like the corridors of a hive, as sometimes they could be. San Franciscans, reliably a pleasant lot, were still in a holiday mood and, therefore, even quicker to smile and more courteous than usual. Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale. Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her. Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better—even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy—and in the twins' case, the eccentricity—of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do. Ministering to Perri, Joshua had pulled back her blankets. The fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks. Barty set one other rule: "Without dying first ... and you have to be sure you can get back." "This momentous day," Thomas Vanadium said quietly, stiff gazing into the grave, "seems full of terrible endings. But like every day, it's actually full of nothing but beginnings." As best he could, he examined his clothes. They were better pressed than he expected, and not noticeably soiled. According to the cards, Barty would be rich financially, but also in talent, spirit, intellect. Rich in courage and honor, Maria promised. With a wealth of common sense, good judgment, and luck. The paramedic put aside the needle, having used it, and grabbed the paddles of a. Abruptly, Junior Cain turned away from the tower, from the body of his lost love, dropped to his knees, and vomited. Vomited more explosively than he had ever done in the depths of the worst sickness of his life. Bitter, thick, grossly out of proportion to the simple lunch that he had eaten, up came a dreadfully reeking vomitus. He was untroubled by nausea, but his abdominal muscles contracted painfully, so tightly that he thought he would be cinched in two, and up came more, and still more, spasm after spasm, until he spewed a thin gruel green with bile, which surely had to be the last of it, but was not, for here was more bile, so acidic that his gums burned from contact with it—Oh God, please no—still more. His entire body heaving. Choking as he aspirated a piece of something vile. He squeezed his watering eyes shut against the sight of the flood, but he could not block out the stench. THE RAIN THAT HAD threatened to wash out the morning funeral finally rinsed the afternoon, but by nightfall the Oregon sky was clean and dry. From horizon to horizon spread an infinity of icy stars, and at the center of them hung a bright sickle moon as silver as steel...which was beginning to come into view, was as sharp as pins and needles, sheer torture to her eyes. Previously, Miss Pixie Lee had been from Texas, but Angel had recently heard that Georgia was famous for its peaches, which at once captured her imagination. Now Pixie Lee had a new life in a Georgia mansion carved out of a giant peach...there in more genteel and gilded ages, and her flights of imagination sometimes acquired such vivid detail that they were eerily like memories. Junior knew that he must remain vigilant. Vigilant and focused until January 12 had come and gone. Eight days to go. If the nun and the nurse could know the loathing that Celestina had felt earlier, they would never allow her here in the creche, never trust her with this newborn. On Christmas Eve, 1996, the family gathered in the middle of the three houses for dinner. The living-room furniture had been moved aside to the walls, and three tables had been set end to end, the length of the room, to accommodate everyone. He was focused enough, in fact, to find Bob Chicane, kill the insulting bastard and get away with it. Though Celestina was still holding Angel, Wally kissed her, and again it was lovely, though shorter than before, and Angel said, "That's a messy kiss." Agnes thought crazily of their early dates and the first years of their marriage. They had occasionally gone to the drive-in, sitting close. If the policeman's gray eyes had earlier been as hard as nailheads, they were now points, and behind them was willpower strong enough to drive spikes through stone. Once, he had been a superb driver. For the past decade, his performance behind the wheel depended on his mood. WALLY HAD NOT gone home with Death, but they had definitely been at the dance together. "I don't want an attorney." He closed his eyes, lowered his head to the pillow, and sighed. "I just want ... peace." This morning, as Barty stood to one side listening, his mother asked Maria for poems by Emily Dickinson. St. Mary's social workers did not arrive with dawn, so Celestina was given the privacy of one of their offices, where the wet face of the morning pressed blurrily at the windows, and where she phoned her parents with the terrible news. From here, too, she arranged with a mortician to collect Phimie's body from the cold-storage locker in the hospital morgue, embalm it, and have it flown home to Oregon. When the third knave of spades appeared, Edom said to Maria, "What kind of enemy does three in a row describe?" Soon he dispensed with picture books and progressed to short novels for more accomplished readers, and then rapidly to books meant for young adults. Tom Swift adventures and Nancy Drew mysteries captivated him through the summer and early autumn. Recalling how the title of the exhibition had resonated with him when first he'd seen the gallery, brochure, Junior felt certain now that a tape-recorded early draft of this sermon was the kinky "music" that accompanied his evening of passion with Seraphim. He couldn't remember one word of it, let alone any element that would have deeply moved a national radio audience, but this didn't mean that he was shallow or incapable of being touched by philosophical speculations. He'd been so distracted by the erotic perfection of Seraphim's young body and so busy jumping her that he wouldn't have remembered a word, either, if Zedd himself had been sitting on the bed, discussing the human condition with his customary brilliance. Junior was motivated not by twisted needs, but by rational self interest. Consequently, he opted to load the detective's body into the cramped backseat of the Studebaker with all limbs intact and head attached. Waste of time to check those places. More likely, woman and boy were hiding in the last room. "The one I'm about to start is Dr Jekyll and Mr. Hyde, which is maybe pretty scary." Outside, he turned to look at the display windows. He expected to see the candlestick, supernaturally apparent only from this side of the glass, but it wasn't there. Throughout the autumn, Junior read book after book about ghosts, poltergeists, haunted houses, ghost ships, s?ances, spirit rapping, spirit manifestation, spirit writing, spirit recording, trance speaking, conjuration, exorcism, astral projection, Ouija-board revelation, and needlepoint. He had assumed that the dinner guest was Victoria's lover, but suddenly he realized that this might not be the case. The man might be nothing more than a friend. Her father or a brother. In which case the invitation to romance—posed by the coquettishly arranged wine and rose—would be so wildly inappropriate that the visitor would know at. At the next comer, instead of continuing south, Junior angled aggressively in front of oncoming pedestrians, stepped off

the curb, and headed east, traversing the, intersection against the advice of a Don't Walk sign. Horns blared, a city bus nearly flattened him, but he made. Waking from a bad dream, he sometimes thought he heard the ratcheting of gear-wheel feet. The scrape and creak of rusted iron joints. The clink of rake-tine fingers rattling against one another. "Whatever you're paying here, that's what you'll pay for the new place," Lipscomb said. The hardest was being in this room at the very moment when Phimie had moved on. Celestina knew beyond doubt that this was the worst thing she would have to endure in all her life, worse than her own death when it came. On the back of the watch case, however, were the incriminating words of a commemorative engraving: To Eenie/Love/Tammy Bean. Junior was impressed and delighted by her clever assumption of it strictly professional voice and demeanor, which convincingly masked her intense desire. Sweet Victoria was a worthy coconspirator. During the following ten days, he withdrew money from several accounts. He converted selected paper assets into cash, as well. "But you don't understand." She recounted the extraordinary draw of aces during the fortune-telling session Friday evening. "Seems like," Vanadium agreed. "So a man like Cain obsesses on one thing after another—sex, money, food, power, drugs, alcohol, anything that seems to give meaning to his days, but that requires no real self-discovery or self-sacrifice. Briefly, he feels complete. However, there's no substance to what he's filled himself with, so it soon evaporates, and then he's empty again." When the ophthalmologist saw her misery, his kind face softened further, and his pity became palpable. At best, Vanadium might decide Junior had come here to learn what other funeral his nemesis had attended—which was, in fact, the true motivation. But this made it clear that Junior feared him and was striving to stay one step ahead of him. Innocent men didn't go to such length. As far as the fruitcake cop was concerned, Junior might as well have painted I killed Naomi on his forehead. Agnes invited everyone to stay for dinner. The pies were no sooner finished than large cook pots, saucepans, colanders, and other heavy artillery were requisitioned from the Lampion culinary arsenal. An emergency kit in the trunk of his car contained a flashlight. He fetched it and sweetened the bribe to the valet. During the first year of her illness, she had been slowly weaned off an iron lung. Until she was seventeen, she required the chest respirator, but gradually gained the strength to breathe unassisted. He swept the immediate area with the flashlight, and shadows spun with shadows, waltzing spirits in the ballroom of the night. Alone with Agnes, the physician said, "I want you to take Barty to a specialist in Newport Beach. Franklin Chan. He's a wonderful ophthalmologist and ophthalmological surgeon, and right now we don't have anyone like that here in town." Words eluded him again, and he surveyed the coffee shop, as if someone might step forward to speak for him. He realized people were staring, and embarrassment drew a tighter knot in his tongue. Outside, Celestina took Angel's hand as they descended the front steps to the street. The infant Bartholomew was here in San Francisco. He must be found. He must be dispatched. By the time Junior devised a plan of action to locate the child, he was so hot with anger that he was sweating, and he stripped off one of his two pairs of briefs.
