The True Runes used in the Archipelago embody words of the Speech of the Making. True Runes are not symbols only, but reifactors: they can be used to bring a thing or condition into being or bring about an event. To write such a rune is to act. The power of the action varies with the circumstances. Most of the True Runes are found only in ancient texts and lore-books, and used only by wizards trained in their use; but a good many of them, such as the symbol written on the door lintel to protect a house from fire, are in common use, familiar to unlearned people. "Keep her quiet," said the young woman, and left him holding the mare's reins in this deserted place. She returned after some time lugging a heavy bucket, and set to sponging off the mare's leg. "Get the saddle off her," she said, and her tone held the unspoken, impatient, "you fool!" Ivory obeyed, half-annoyed by this crude giantess and half-intrigued. She did not put him in mind of a flowering tree at all, but she was in fact beautiful, in a large, fierce way. The mare submitted to her absolutely. When she said, "Move your foot!" the mare moved her foot. The woman wiped her down all over, put the saddle blanket back on her, and made sure she was standing in the sun. "She'll be all right," she said. "There's a gash, but if you'll wash it with warm salt water four or five times a day, it'll heal clean, I'm sorry." She said the last honestly, though grudgingly, as if she still wondered how he could have let his mare stand there to be assaulted, and she looked straight at him for the first time. To them, the Old Powers are abominable. And women's powers are suspect, because they suppose them all connected with the Old Powers. As if those Powers were to be controlled or used by any mortal soul! But they put men where we put the world. And so they hold that a true wizard must be a man. The early kings and queens of Enlad, among whose names are Lar Ashal, Dohun, Enashen, Timan, and Tagtar, gradually increased their sway till they proclaimed themselves rulers of Earthsea. Their reign extended no farther south than Ilien and did not include Felkway in the east, Paln and Semel in the west, or Osskil in the north, but they did send explorers out all over the Inmost Sea and into the Reaches. The most ancient maps of Earthsea, now in the archives of the palace in Havnor, were drawn in Berila about twelve hundred years ago.
