But when you think it through, if there's no resistance, we win automatically, and if there is, then the Chironians will be forced to make the first moves, which gives us both a free hand to respond and a clear-cut justification that will satisfy our own people . . . which' is doubly important with the elections coming up. The result was declared a success by unanimous proclamation, and over the meal the Terrans talked mainly about the more memorable events during the voyage while Kath was curious to learn more about the Mayflower II's propulsion system in anticipation of the tour that she was scheduled to make with the Chironian delegation. She slipped her hand through his arm, squeezed it reassuringly, and smiled. They both looked back at Lechat. "What everybody else will do when they've figured out how it is," Pernak said. He grinned, almost apologetically. "That's why we won't be able to help much, Paul. You see, we're leaving." Micky had no appetite. She left the pie untouched. "I bet Swyley has a miraculous recovery between now and when we go into orbit." Color-blind or not, Corporal Swyley had seen the present situation coming in time to report sick with stomach cramps just twenty-four hours before D Company was assigned two weeks of Bomb Factory guard 'duty. He was "sick" because he had reported them during his own time; reporting stomach cramps during the Army's time was diagnosed as malingering."Ah, well, it's not over yet," Hanlon said. Colman turned his head and called in a louder voice, "Stanislau, Young-come over here and give me a hand with this crate." Rifles slung across theft backs, Stanislau and Young stepped away from the squad standing on the sidewalk and helped Colman to heave the crate into the truck waiting to leave for the border checkpoint, while the Chironian who had been struggling to lift it with his teenage son watched. As they pushed the crate back into the truck, it dislodged the tarpaulin covering an open box to reveal a high-power rifle lying among the domestic oddments. They didn't come across like kids at all, but more like small people who were busy finding out how things were done. In a room two posts back, he had glimpsed a couple of kids who couldn't have been more than twelve probing carefully and with deep frowns of concentration inside the electronics of a piece of equipment that must have cost millions. The older Chironian with them just watched over their shoulders and offered occasional suggestions. It made sense, Driscoll thought. Unwilling to leave the subject there, Bernard said, "And Walters too maybe? Perhaps he could use a refresher too,." "And all these years of silence since then." Faced with a question slanted like that, Fallows could only reply, "Well... no, I suppose not." "You're not a mutant." Geneva said, "Kidneys?".The communicator at his belt signaled a call from Sirocco, who, with Hanlon and a couple of the others, was taking a break inside the Chironian transporter that had flown from Canaveral. "How's it going?" Sirocco inquired when Colman answered. "Are the troops mutinying yet?". "I workout."
