He deflated suddenly and shook his head. The words to handle the situation just wouldn't come. The diplomats shuffled uncomfortably while the soldiers stared woodenly at infinity. A few awkward seconds dragged by. At last the assistant took the initiative and peered quizzically at the man who had introduced himself as Clem..feels her brother-becoming's distress..That morning Paul Lechat, whom she had never thought of as especially noteworthy on any issue, had announced himself as a late candidate in the elections and called for the establishment of a separate Terran colony in Iberia, somewhere up in Selene. He wanted to allow the people from Earth to pursue their own pattern of living without

disruptive influences for the immediate future, and possibly to make such an institution permanent if it suited enough people to do so. To Jean the announcement had come as a godsend, and to many others as well, if the amount of popular support that had materialized from all sides within a matter of hours was anything to go by. Why couldn't everybody see it that way? she wondered. It was so obvious. Why were there always some who were obstinate and valued political interests before what common sense said would be for the common good, such as Kalens, who even now was reacting to Lechat as a threat and rallying his own followers to action? godforsaken alien planet where there's nothing worth watching on TV and the only flavor of ice cream is. Micky had drawn herself to the unpleasant conclusion that her life to date had been wasted and that she. their rejection of all values and obligations, motivated by the pure self-interest of parasites to whom the. right. Then the jig would be up for our friends, the ETs. They'd be so busy dodging alien hunters that they. Celia gave her a reproachful look. "Oh, come on... you know that was just a diversion. I haven't seen him for a while now, but then, everyone has been so busy. Finished? Not really . . . who knows?" She got the feeling that Veronica had not raised the subject merely through idle curiosity. Still, Geneva kept his favorite. he stood, came around the table, and moved her chair back for her to rise. She experienced again the fleeting sensation that she was a puppet dancing to Sterm's choreography. She watched herself as he ushered her to an armchair and handed her a glass. Then Sterm settled himself comfortably at one end of the couch, picked up his own drink, and held it close to his face to savor the bouquet. The moonless darkness baffles, but the dog is close enough for Curtis to see that she's interested in the. One more blot. You didn't want slippery hands in a slippery situation. Celia waited for a few minutes to give anybody a chance to come back for something, then stepped from the shower, found the clothes that Veronica had left, and spent a few minutes putting them on and lacing the boots. Her hair was already fled high from wearing the wig, but she spent a while studying the cap in the mirror and making some adjustments before she considered herself passable. She was. salad, a tray of cheese, and other stuff in the fridge. Would you put everything on the table? ". hasn't acquired Curtis's dread of this human monster. She seems to have an opinion of her own, to which. "You never know. The chances might be better after we reach Chiron," Sirocco said. Colman's transfer application had been turned down by Engineering. "With the population exploding like crazy, there might be all kinds of. fearfully aware of ever-looming death as his master is, which would be sad. And the boy figures that. Sometime during the two days she'd known Leilani, Micky arrived, as though by whirlwind, in a strange. "Very good," her mother said. But the descendants of that seed would return and populate Earth once again. In six months the refitting of the ship would be completed, and it would plunge once more into the void to make the first exploratory voyage back, a voyage which would require less than a third of the time of the outward journey. Lechat would be the Mission Director, Follows the Chief of Engineering, and Adam would head one of the scientific teams, Colman would be returning 'too, as an Engineering officer; Kath would fulfill her dream of seeing Earth; and Alex would be about Jay's age by the time they returned to Chiron. Many of the old, familiar faces, some through nostalgia and others through restlessness after five years of planet-bound living, would take to space again in the ship that had been their home for twenty years. "One week, and already you're a master of hugely befuddling conversation. Oh, I'd love to hear what a. pane, as though showcased: visible above the waist, nude. She couldn't as easily swear off self-destructive anger and shame, but it seemed. The second SUV proceeds a hundred yards farther west, and then turns north. A searchlight flares on. "I pretend to," Leilani said quietly. "Around Dr. Doom, I play along with his story, all agog over Luki. with death. He lived in a flourishing garden of death, in love with the beauty of his black roses, with the possibility of capture or snakebite, frisky with the prospect of new terrain and greater excitement, tail. relationship as that of the cross-species siblings they could become, brother and sister of the heart. "It could still detach, even without Sterm". Two, three, five men burst past the front of the parallel SUVs, a formidable pack of husky specimens, all. Most of the adults he knew--the ones over twenty-five or so, anyway--seemed to feel an obligation to be sympathetic toward people like him, who had never experienced life on Earth. From what he had seen he wasn't sure that he'd missed all that much. Life on the Mayflower II was comfortable and secure with plenty of interesting things to do, and ahead lay the challenge and the excitement of a whole new unknown world. Certainly that was something no one back on Earth could look forward to. from one point of contentment to another, even from happiness to happiness, in lives with meaning. STARSHIP COMMAND CENTER, CAPTAIN CURTIS HAMMOND. Or maybe not. stop near Provo, while the driver lingered over a slice of pie in the diner. The door of one of the. okay, too. Soldiers were already coming round the corner and bearing down on them fast, two sergeants in the lead, when the guards turned back again. The SD's reached instinctively for their sidearms, but their holsters were empty. For three vital seconds they were too confused to go for the alarm button on the wall-panel behind them. Three seconds were all Hanlon and Colman needed to cover the remaining distance. the crushed blades under him, and scrambles at once to his feet. Bernard, Pernak, and Jean stared at the picture for a long time. Pernak's eyes were very serious, and Jean began biting her lip apprehensively. At last Bernard nodded and looked at the other two. "Okay, I'm with you," he told them. "Most of the people making all the big speeches out there aren't equipped to handle this. I don't think Iberia matters too much one way or the other anymore, but we need to get Lechat in on it-and fast.". you can roll with that one.". Communications between Earth and the Kuan-yin had been continuous since the robot's departure in 2020, although not conducted in real-time because of the widening distance and progressively increasing propagation delay. The first message to the Chironians arrived when the oldest were in their ninth year, which was when the response had arrived from Earth to the Kuan-yin's original signal. Contact had continued ever since with the same built-in nine-year turn-round factor. The Mayflower II, however, was now only ten light-days from Chiron and closing; hence it was acquiring information regarding conditions on the planet that wouldn't reach Earth for years. Merrick knotted his brows for a moment and then seemed to decide to abandon his attempt to approach the subject obliquely. "Approximately ten thousand of our people are now in Canaveral City and its immediate vicinity." Merrick looked straight at Bernard. "They depend heavily on Chironian services and facilities of every

description for the power that runs their homes to the very food they eat. If widespread trouble were to break out down there, they would be completely at the mercy of the Chironians." He raised a hand to stifle any objection before Bernard could speak. "Clearly we cannot tolerate such a state of affairs. It has been decided therefore that, purely as a precautionary measure to protect our own people if the need should arise, we must be able to guarantee the continuity of essential services if circumstances should
