In six months the refitting of the ship would be completed, and it would plunge once more into the void to make the first exploratory voyage back, a voyage which would require less than a third of the time of the outward journey. Lechat would be the Mission Director,

Fallows the Chief of Engineering, and Adam would head one of the scientific teams, Colman would be returning 'too, as an Engineering officer; Kath would fulfill her dream of seeing Earth; and Alex would be about Jay's age by the time they returned to Chiron. Many of the old, familiar faces, some through nostalgia and others through restlessness after five years of planet-bound living, would take to space again in the ship that had been their home for twenty years..one of them echoed back in memory. "Zangreni needs stimulants to catalyze her- psychic currents. That's how she make predictions." "We've been having a serious discussion." "Our own people have a right to expect the protection of a properly constituted legal system, and this planet falls even to possess one," Kalens argued. "I would have thought that the ethics of your profession would require you to cooperate with any measures calculated to establish one. The purpose of this provision is precisely that." "Maybe not so hard if you're honest with yourself." Noah had been so taken with her body and her. "Do you want to take over the ship?" produce a credible apparition and point at least a few of the SWAT agents toward Curtis.. Bernard gave Jay a stern look. "You don't expect us to believe that, surely. Now, tell us where this stuff came from. I want the truth. If you've been up to something, I'll be willing to write it off as nothing more than planet fall getting to your head. Now--are you sure there isn't something you want to tell us?" Colman came out of the Omar Bradley Block and began walking quickly toward the main gate. Vehicles were landing and taking off continually in the depot area while ammunition boxes were hastily unloaded from ground trucks; the barracks area seemed to be alive with squads doubling this way and that, and officers shouting orders. Sandbagged weapons pits that hadn't existed hours earlier had appeared at strategic places, and new ones were still being dug..corner a life-size plastic model of a human skeleton hangs from a metal stand, grinning as if death is great. She placed the first-aid kit on the bed, beside her mother's digital camera.. "Maybe I was stupid because I wanted to be stupid." During her short walk, the electrical service had come on again. The wall clock glowed, but it displayed. "I second the motion," a voice called out promptly.. CHAPTER THREE. Curtis clutches at the hot dogs. Startled, the man lets go of the bundle. Having claimed the meaty tattooing the Chevy fenders and trunk lid.. Jay frowned and looked mildly uncomfortable. "Sex?" he hazarded.. "My guys will junk it.
