As impressed as Agnes had been with the sample orbs that she'd been shown, she allowed no hope that the singular beauty of Barty's striated emerald-sapphire eyes would be re-created. Although the artist's work might be exquisite, these irises would be painted by human hands, not by God's. Perri was often fast asleep by nine-thirty, seldom later than ten o'clock while Paul never turned in earlier than midnight or one in the morning. In the later hours, to the reassuring susurrations of his wife's breathing, he returned to his pulp adventures. The verdant hills to the east lay like slumbering giants under blankets of winter grass, bright in the morning sun. But when the shadows of clouds sailed off the sea and gathered inland, the slopes darkened to a blackish green, as somber as shrouds, and a landscape that had appeared to be sleeping forms now looked dead and cold. The cop weighed too much to be carried any distance, the blanket proved

effective, the decision to drag him was wise, and the whole process was value neutral. Caution discarded, Junior went inside, for the same reason that a dedicated opera aesthete might once a decade attend a country-music concert: to confirm the superiority of his taste and to be amused by what passed for music among the great unwashed. Some might call it slumming. With the stocky detective looming, Junior wasn't able to stroke his imagination into an erotic mood. In his mind's eye, Victoria's ample bosom remained concealed behind a starched white uniform. "What are you strongest in?" Friday, December 29, was a grand day: cool but not cold; high scattered clouds ornamenting a Wedgwood-blue sky. The streets were agreeably abustle but not swarming like the corridors of a hive, as sometimes they could be. San Franciscans, reliably a pleasant lot, were still in a holiday mood and, therefore, even quicker to smile and more courteous than usual. "I was twenty-three. At St. Anselmo's I was the prefect of one dormitory floor. The floor on which all the murders occurred. After that ... I decided maybe I could better protect the innocent if I were a cop. For a while, the law gave me more to hold on to than faith did." The cop had unzipped the top of her jogging suit and pulled up the roomy T-shirt. More likely than not, Victoria spoke directly to the maniac detective. Even if she reported her sordid fabrications to another officer, it would have gotten back to Vanadium, and the cop would have sought her out at once to hear her filth firsthand, whereupon she would have enhanced her story until it sounded as though Junior had grabbed her knockers and had tried to shove his tongue down her throat. Although rain-pasted to her skin, the fine hairs rose on the nape of her neck. The gooseflesh crawling across her arms had nothing to do with her cold, wet clothes. Caught unaware by the joke, she laughed. "Well, I'm glad to know I'm good for something. Is there maybe a special pie you'd like me to make today?" Yes, he suspected that he would require a great deal of rest to prepare himself for this vixen. Even in her loose white uniform and stodgy rubber-soled shoes, she was an incomparably erotic figure. She would be a lioness in bed. MONDAY MORNING, January 17, Agnes's lawyer, Vinnie Lincoln, came to the house with Joey's will and other papers requiring attention. Deciding that he didn't need an exit line, Junior headed toward the service road and his Suburban. Professing befuddlement, the galierieur led the way through three rooms to the front windows, gliding across the polished maple floors as though he were on wheels. He capped the bottle, pocketed it, and then kicked the dead man, kicked him again, and spat on him. His precious wife had fallen from the tower and died only hours before this girl was born. This girl ... this vessel. His breath was warm against her throat: "And I want to go back home to see some faces." First room on the left. Move. Kick the door open. The sense of a larger space beyond, no bathroom this time, and darker. Fan the pistol, gripping with both hands. Two quick shots: muffled cough, muffled cough. Unable to continue Tehanu's story (because it hadn't happened yet) and foolishly assuming that the story of Ged and Tenar had reached its happily-ever-after, I gave the book a subtitle: "The Last Book of Earthsea." Behind her, he said, "And is that my gray cardigan? What did you do to my cardigan?" "Can't pay us as well as Losen does. But we could live," Otter argued. The afternoon was winding down, and the lowering sky seemed to be drawn steadily toward the earth by threads of gray light that reeled westward, ever faster, over the horizon's spool. The air smelled like rain waiting to happen. Barty read aloud as Agnes drove, because she'd enjoyed the novel only from page 104. He wanted to share with her the exploits of Jim and Frank and their Martian companion, Willis. As red as Angel had been for her evening outing, she was that yellow for retirement to bed in her own home. Two-piece yellow jersey pajamas. Yellow socks. At the girl's request, Celestina had tied a soft yellow bow in her mass of springy hair. Second, Thomas Vanadium received no mention: Therefore, his body hadn't been found in the lake. He still ought to be under suspicion in the Bressler case. And if new evidence cleared him of suspicion, then his disappearance should have been mentioned, and he should have been listed as another possible victim of the Shamefaced Slayer, the Bandaged Butcher, as the tabloids had dubbed Junior. In the foyer again, about six feet inside the front door, he stood the wineglass on the floor. He placed the bottle of Merlot beside the glass, the red rose beside the bottle. "Thursday it is," he said, clearly delighted to be receiving only a third of the fair-market rental from his apartment. He smiled ruefully. "Might be ready for a wedding by then, but not a honeymoon." "But before you leave St. Mary's," the physician said, "I'd like a few mutes of your time. It's very important to me. Personally." "It's all the same. Cars, trains, ships, all the same," Jacob insisted. "You remember the Toya Maru? Japanese ferry capsized back in September '54. Eleven hundred sixty-eight people dead. Or worse, in '48, off Manchuria, God almighty, the boiler exploded on a Chinese merchant ship, six thousand died. Six thousand on a single ship!" "Well, you're sweet, aren't you? And you're all bright red on the outside and milk chocolate inside," Celestina said, gently tweaking the girl's light brown nose. He spent the afternoon with her and stayed for dinner. He ate at her bedside, feeding both himself and her, balancing the progress of his meal with hers, so they finished together. He'd never fed her before, yet he wasn't awkward with her, or she with him, and later what he remembered of dinner was the conversation, not the logistics. Now, here on this sunny ridge in Oregon, miles from any train and farther still from any nuns, Junior applied this artistic insight to his own situation, overcame his squeamishness, and regained some momentum of his own. He approached his fallen wife, stood over her, and stared down into her fixed eyes as he said, "Naomi". Junior was starving, but he didn't trust his bowels enough to risk dinner in a restaurant. The affliction seemed to have passed, but it might recur when he had food in his system again. He considered calling her, but he didn't know what he would say if she answered. Was trying her best to ensure the health of the baby while still remaining slim enough to avoid suspicion. By habit, she shifted her attention to his eyes, because though the scientific types insist that the eyes themselves are incapable of expression, Agnes knew what every poet knows: To see the condition of the hidden heart, you must look first where scientists will not admit to looking at all. Nolly shuddered. "The wilds of Oregon. I don't intend ever to go there until it's civilized." You ever hear it, Enoch? I'm that someone for you, of course, in a romantic sense. This wasn't art. This was pandering, mere illustration, more suitable for painting on velvet than on canvas. Tom pushed his chair back from the table, got to his feet, and moved toward Celestina. The musician's bird-sharp gaze grew dull. His pink tongue protruded from his mouth, like a half-eaten worm. Mustering all her hostess skills, Agnes gradually turned the conversation from disastrous explosions to Fourth of July fireworks, and then to reminiscences of summer evenings when she, Joey, Edom, and Jacob. Indeed, she found it difficult to talk with her son in their usual easy way. She heard a stiffness in her voice that she knew would sooner or later be apparent to him. Applying enough pain, he could have gotten cooperation even from Vanadium. The detective had said he'd heard Junior fearfully repeat Bartholomew in his sleep, which Junior believed to be true, because the name did resonate with him; however, he wasn't sure he believed the cop's claim to be ignorant of the identity of this nemesis. She bent down and kissed his cheek, his right eye, his left, his brow, his dry cracked lips. "I love you so much. I wanted to die when I thought you weren't with me anymore. In her campaign to keep her weight gain to a minimum, anorexia was her ally. She learned to find pleasure in hunger pangs. He managed to hold the towel around his foot, but it grew dark red

and disgustingly mushy..Now, twenty-four hours later, when Sparky answered his telephone and heard Tom Vanadium, he said, "You looking for a little company? I've got another bottle of Merlot where the last one came from."..From the plush pillowy shadows of the bed, Barty said, "Oh, look. Christmas lights."..By the time the family was ushered out, protesting, at the end of evening visiting hours, Junior hadn't succumbed to their pressure. If his conversion was to appear convincingly reluctant, he would have to resist them for at least another few days..Urgency gripped the paramedics. The rescuers' equipment and the pieces of the car door were dragged out of the way to make a path for a gurney, its wheels clattering across pavement littered with debris..Out of Phimie's humiliation, terror, suffering, and death had come Angel, whom Celestina had first and briefly hated, but whom now she loved more than she loved Wally, more than she loved herself or even life itself. Phimie, through Angel, had brought Celestina both to Wally and to a fuller understanding of their father's meaning when he spoke of this momentous day, an understanding that brought power to her painting and so deeply touched the people who saw and bought her art.. "Yes, you did, and it's exactly what experience has no doubt taught you to think. But I'm forty-seven and you're twenty-".For a long time, she sat alone in the dark living room, in the armchair that had been Joey's favorite, thinking about many things but returning often to the memory of Barty's dry walk in wet weather..Of course, there was no possibility whatsoever of 'drawing four identical jacks from combined decks that had been exquisitely manipulated and meticulously arranged by a master mechanic-unless the effect of the jacks was intended, which in this case it was not. The odds couldn't be calculated because it could never happen. No element of chance was involved here. The cards in that stack should have been as predictably ordered-to Jacob-as were the numbered pages in a book..Inexplicably, each repetition of Bartholomew heightened Junior's anxiety. The name resonated not just in his ear, but in his blood and bones, in body and mind, as if he were a great bronze bell and Bartholomew the clapper..By the time he ordered cr?me brulee for dessert, he was able to laugh at himself. Had he expected to see a ghost enjoying a cocktail and free cashews at the bar?.When Victoria finally calmed her racing heart, she returned the spoon to the tray on the nightstand, stoppered the carafe, and said, "That's enough for now, Mr. Cain. In your condition, even too much I melted ice might trigger renewed vomiting."..Crossing Spruce Hills with John, Paul, George, Ringo, and dead Thomas, Junior headed back toward Victoria's place, where Sinatra was no longer singing.. "That would be John George Haigh," Agnes said, checking Barty's diaper before nestling him tenderly in the crook of her arm..Life was too short to waste it working if you had the means to afford lifelong leisure..And had Phimie, retrieved from death by the resuscitation procedures of the surgical team, repaid Nella's kindness with her own stunning message to Lipscomb?.Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever..So they had cooked up this project, math and mayhem, geometry of limbs and branches, arboreal science and childish stunt, a test of strategy and strength and skill-and of the scary limits of nine-year-old bravado..A quick survey of the lavatory floor. The musician hadn't left anything behind, neither a popped button nor crimson petals from his boutonniere..Abruptly, without a cannonade of thunder, without artillery strikes of lightning, the storm broke. As loud as marching armies, rain tramped across the roof..He smiled and shrugged. "I used to be a fisher of men. Now I hunt them. One in particular."..She wanted so badly to believe, to see her son made whole again, and the funny thing was that she could believe, and without emotional risk, because it was true.. "The mass of these malignancies suggest they will soon spread-or have already spread-out of the eye to the orbit. There is no hope that radiation therapy will work in this instance, and no time to risk trying it even if there were hope. No time at all. No time. Dr. Schurr and I agree, to save Bartholomew's life, we must remove both eyes immediately."..This morning he had changed the sheets. Naomi's scent was no longer with him in the bedclothes..of fists, hard blows, and his father's heavy breathing as he deals out the punishment. Edom himself lies face down in..In a sudden desperate burst of action, Junior tore at the dead man's closed hand, sprang open the trap of fingers and palm-and did not find a quarter. Nor two dimes and a nickel. Nor five nickels. Nothing. Zip. Zero..Certain the caller was the police operator, Junior screamed as though in agony, wondering if his cries sounded genuine, since he'd had no opportunity to rehearse. Then, in spite of the painkiller, his cries suddenly were genuine..The diminutive mortician spoke a few comforting words instead of commenting on the dental history of the deceased, and when he put a consoling hand on Jacob's shoulder, Jacob cringed from his touch..Vanadium clearly spent a lot of time in the kitchen; it was the only room in the house that felt comfortable and lived-in. Lots of culinary gadgets, appliances. Pots and pans hanging from a ceiling rack. A basket of onions, another of potatoes. A grouping of bottles with colorful labels proved to be a collection of olive oils..She didn't have experience with guns, but having seen him trying to press cartridges into the magazine, she knew how to load. She inserted one round. Then a second. Enough.. "I believe I'll just wait here until Mr. Cain wakes," Vanadium said. "I've nothing more pressing to do."..He used the kitchen phone, at the comer secretary. The blood had been cleaned up long ago, of course, and the minor damage from the ricocheting bullet had been repaired..In southern California, Agnes Lampion dreams of her newborn son. In Oregon, Junior Cain fearfully speaks a name in his sleep, and Detective Vanadium, waiting to tell the suspect about his dead wife's diary, leans forward in his chair to listen, while ceaselessly- turning a quarter across the thick knuckles of his right hand..More walls than not, in both rooms, were lined with bookshelves and file cabinets. Here he kept numerous case studies of accidents, man-made disasters, serial killers, spree killers: proof undeniable that humanity was a fallen species engaged in both the unintentional and calculated destruction of itself..On New Year's Day, the town learned that it had lost its first son in Vietnam. Agnes had known the parents all her life, and she despaired that even with her willingness to help, with all her good intentions, there was nothing she could do to ease their pain. She recalled her anguish as she'd waited to learn if Barty's eye tumors had spread along the optic nerve to his brain. The thought of her neighbors losing a child to war made her turn to Paul in the night. "Just hold me," she murmured..Rising slowly like the blade in the hands of an ax murderer as deliberate as an accountant, Thomas Vanadium's gaze arced from Junior's clenched fist to his face..Yet Agnes feared him, for reasons similar to those that might cause a superstitious primitive to tremble in the presence of a witch doctor. Although he was a healer, his dark knowledge of the mysteries of cancer seemed to give him godlike power; his judgment carried the force of fate, and his was the voice of destiny.. "No. Just tricks. Turn a leaf to a gold piece. Seemingly."..In the three years since Perri's death, he had walked thousands of miles. He hadn't kept a record of the cumulative distance, because he wasn't trying to get into Guinness or to prove anything..He woke several times that night, instantly alert for a ghostly serenade, but he heard no otherworldly crooning..and proceeded to turn it across his knuckles as swiftly and smoothly as be bad with his right hand..Celestina extended her left hand, which shook so badly that she nearly knocked over both their wineglasses. "I will."..PUDDLED ON THE pan-flat face, the port-wine birthmark. In the center of the stain, the closed eye, concealed by a purple lid, as smooth and round as a grape..He looked up into the eyes of the stocky man with the birthmark. They were gray eyes,

hard as nail heads, but clear and surprisingly beautiful in that otherwise unfortunate face..Turning his attention to Barty, Obadiah broke into a smile, revealing a gold upper tooth. "Something here is sweeter than that lovely pie. What's the child's name?"
